

Darwin & Mary Lou Koecher, two of the co-founders of the Pair-A-Dice Cruisers, live in Rockford, MN and at the present time do not have any “old” classic cars. After many years of hot-rodding in their cars-of-the-past, they have decided to try the new classics on the street. Dar has two cars – a classy C5 Corvette Convertible Pace Car with matching trailer, and a Silver 2005 Chevrolet SSR with a 400-horse Corvette engine under the hood. Corvettes will never die so Dar’s Corvette will always be a classic; and the fact that this is a one-of-one convertible replica of the original pace car driven at the 2000 Rolex 24-hour Race at Daytona, makes this car very special. SSR’s are no longer in production so it, too, will become a collector’s item.

Mary Lou drives this classy 2002 Yellow Monte Carlo Pace Car. Her car is one of the 1150 limited edition pace car replicas made in 2002.

Dar & Mary Lou enjoy the looks, the feel and the comfort of their modern day classics.
